ENGINE

COMPLETE OIL SYSTEM CLEANER

PT#17011	RLO#1085858	UNIT 1 Gal.	CASE SIZE 4/cs	PALLET UNITS 240
----------	-------------	-------------	----------------	------------------

- One of the best and most effective ways to clean lubricated engine surfaces
- Formulated for use in GDI, MPFI, Hybrid and Diesel engines
- Removes harmful contaminants such as sludge, gum, varnish, and other contaminants
- Helps restore optimal engine performance
- Prepares engine for new motor oil
- Not recommended for first-time use in vehicles with an odometer reading exceeding 100,000 miles

RED LINE® COMPLETE OIL SYSTEM CLEANER safely removes harmful contaminants such as sludge, gum, varnish, and other contaminants from engines and oil systems. It helps free sticky valves and rings and helps restore optimal engine performance, especially in GDI engines.

It is one of the best and most effective ways to clean lubricated engine surfaces. It is safe for use in all gasoline and diesel engines, prepares engines for new motor oil and will not alter or effect manufacturer's limited warranties.

OIL SYSTEM CLEANER

PT#17013	RLO#1085859	UNIT 16 oz.	CASE SIZE 12/cs	PALLET UNITS 1680
----------	-------------	-------------	-----------------	-------------------

- Quick and effective way to clean lubricated engine surfaces
- Formulated for use in GDI, MPFI and Hybrid engines
- Removes harmful contaminants such as sludge, gum, varnish, and other contaminants
- Helps restore engine performance
- Prepares engine for new motor oil
- Does not affect manufactures' limited warranties
- Not recommended for first-time use in vehicles with an odometer reading exceeding 100,000 miles

RED LINE® OIL SYSTEM CLEANER safely removes harmful contaminants such as sludge, gum, varnish, and other contaminants from engines and oil systems. It helps free sticky valves and rings and helps restore engine performance. Unlike other oil system cleaners, RED LINE OIL SYSTEM CLEANER contains NO HARSH SOLVENTS that could effect engine performance.

It is safe for use in all gasoline engines, prepares engines for new motor oil and will not alter or effect manufacturer's limited warranties. Use 1 bottle of RED LINE OIL SYSTEM CLEANER per 4-6 quart oil change.

FUEL SYSTEM

FUEL SYSTEM CLEANER

PT#17006	RLO#1086082	UNIT 12 oz.	CASE SIZE 12/cs	PALLET UNITS 1500
----------	-------------	-------------	-----------------	-------------------

- Completely and effectively cleans the entire fuel system
- Safe for use in all gasoline engines, including GDI, MPFI and Hybrid
- Rapidly cleans and effectively removes gum, varnish and other harmful deposits
- Restores power and helps improve fuel economy
- Helps smooth rough idling and reduce harmful emissions

RED LINE® FUEL SYSTEM CLEANER completely and effectively keeps the entire fuel system clean. RED LINE FUEL SYSTEM CLEANER rapidly cleans and effectively removes gum, varnish and other harmful deposits from fuel injectors, carburetors, intake valves, fuel pumps and lines.

RED LINE FUEL SYSTEM CLEANER helps restore power and helps improve fuel economy, rough idling and helps reduce harmful emissions in one easy to use formula. RED LINE FUEL SYSTEM CLEANER provides cleaning and protection of automotive fuel systems. This product is safe for use with all gasoline engines and will not harm catalytic converters or oxygen sensors.

WARNING. This product can expose you to chemicals including Benzene (CASRN 71-43-2) which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

TOTAL INTAKE SYSTEM CLEANER

PT#17020	RLO#1085824	UNIT 12 oz.	CASE SIZE 12/cs	PALLET UNITS 1512
----------	-------------	-------------	-----------------	-------------------

- Safe for use in gasoline and diesel engines, including GDI, MPFI and Hybrid
- Removes Carbon Deposits
- 2 Applicator hoses and 1 hood hanger included in case
- Cleans Intake Valve Seats and Compression Chamber
- Oxygen Sensor, EGR Valve and Catalytic Converter Safe
- Safe For intake Coated Surfaces
- Restores Power and Performance

S-Hook

Vacuum Hose

Hanger

RED LINE® TOTAL INTAKE SYSTEM CLEANER, when used as directed, provides complete intake cleaning by safely and effectively removing carbon build-up, cleaning the vehicle's upper engine and intake systems from the plenum to the catalytic converter.

It helps eliminate rough engine idle, knocking, pinging and engine run-on, while reducing emissions and restoring power and performance. **RECOMMENDED FOR PFI, GDI, HYBRID AND DIESEL ENGINES.**

WARNING. This product can expose you to chemicals including 1-Methyl-2-pyrrolidone (CASRN 872-50-4) which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

FUEL SYSTEM

S-Hook with 3' Hose
(standard in case)

Available S-Hook with 8' Hose
(designed for in-vehicle throttle control during service)

COMPLETE FUEL SYSTEM SERVICE

PT#17060	RLO#1089008	UNIT 15oz/12oz	CASE SIZE 4	PALLET UNITS 360
----------	-------------	----------------	-------------	------------------

- Provides complete intake cleaning by safely and effectively removing carbon build-up.
- Helps eliminate rough engine idle, knocking, pinging and engine run-on
- Recommended for PFI, GDI, Hybrid, and Diesel Engines
- Can also be used in vehicles running performance fuels and E-85

- Cleans entire intake & fuel system
- Effectively removes carbon deposits throughout system
- Restores power and performance
- Reduces engine emissions
- Oxygen sensor safe

STEP 1 RED LINE® TOTAL INTAKE SYSTEM CLEANER (PT#17020)

RED LINE® TOTAL INTAKE SYSTEM CLEANER, when used as directed, provides complete intake cleaning by safely and effectively removing carbon build-up, cleaning the vehicle's upper engine and intake systems from the plenum to the catalytic converter.

It helps eliminate rough engine idle, knocking, pinging and engine run-on, while reducing emissions and restoring power and performance. **RECOMMENDED FOR PFI, GDI, HYBRID AND DIESEL ENGINES.**

STEP 2 RED LINE® SI-1 Fuel System Cleaner (PT#60103)

Cleans injectors, carburetors, valve and combustion chamber deposits with a concentrated blend of the most powerful high-temp and low-temp detergents available. Cleans all forms of fuel injectors, including GDI, Enhances fuel stability; reduces gum and varnish formation.

TRANSMISSION

SYNTHETIC ATF SUPPLEMENT

PT#4001	RLO#1085883	UNIT 10 oz.	CASE SIZE 12/cs	PALLET UNITS 2436
---------	-------------	-------------	-----------------	-------------------

- 4x Less Wear Than Regular ATF
- Prevents and Instantly Eliminates Torque Converter Lock Up Shudder
- Prevents Overheating and Oxidation
- Protects and Coats Gears and Pumps
- Enhances shift quality and durability
- Prevents Clutch Chatter
- Compatible with All Trans Fluids

RED LINE® SYNTHETIC ATF SUPPLEMENT is a uniquely blended synthetic product specifically formulated for use in automatic transmissions. RED LINE SYNTHETIC ATF SUPPLEMENT incorporates a high-quality synthetic base stock with SE (synthetic esters) which reduces heat, wear, and extends transmission fluid life. RED LINE SYNTHETIC ATF SUPPLEMENT also incorporates friction modifiers, and boundary lubricants to optimize transmission performance while lowering operating temperatures. Blends with all domestic and worldwide OEM automatic transmission fluids.

POWER STEERING

SYNTHETIC POWER STEERING PROTECTANT

PT#14001

RLO#1086094

UNIT 4 oz.

CASE SIZE 12/cs

PALLET UNITS 2772

- Improves Power Steering System Performance
- Eliminates Whines and Noise
- Frees Sticky Turbines and Pumps
- Lubricates and Protects Racks and Pumps
- Eliminates Steering Stiffness
- Extends System and Fluid Life
- Reduces Wear

RED LINE® POWER STEERING PROTECTANT ADDITIVE with advanced synthetic technology protects power steering systems by reducing wear on internal parts and components by up to 40% over regular power steering fluids alone. It eliminates whines and noise in power steering systems. Its advanced synthetic technology conditions seals and O-rings, protects internal components and reduces wear, while ensuring proper drivability.

RED LINE POWER STEERING PROTECTANT ADDITIVE eliminates the need for multiple OEM recommended fluids by converting regular power steering fluid into a universal SLF (Special Lubricating Fluid) to be used in vehicles such as, Honda, Chrysler, Toyota, GM, Ford and others. For Audi and Volkswagen applications follow manufacturers fluid recommendations.

COOLING SYSTEM

COOLANT SYSTEM TREATMENT

PT#17023	RLO#1086089	UNIT 8 oz.	CASE SIZE 12/cs	PALLET UNITS 1428
----------	-------------	------------	-----------------	-------------------

- Protects Cooling System Parts With a Magnetic Film
- Lubricates Water Pump and Thermostat, Stops Squeaks
- Protects Aluminum, Brass, Copper, Iron and Other Metal Parts
- Compatible With All Anti-Freeze, Including Extended Life Coolants
